

ORWAK MULTI 5070

MULTI

THIS MULTI-CHAMBER BALER provides sorting and compaction of different types of materials in one machine! Top loading is simple and convenient and you can order additional chambers when needed.

Orwak benefits

MORE PRODUCTIVE USE OF TIME

Less time spent on waste handling, more time for your core activities!

MORE SPACE & ORDER

Our balers rapidly minimize the space the waste takes up, keeping aisles free and tidy.

LESS COSTS, MORE VALUE

More compaction = less waste volume to transport. Fewer transports required results in lower transportation costs and reduced CO₂ emissions. Sorting at source yields a higher quality of waste material for recycling.

Why Orwak Multi?

- + Sorting and compaction of several waste types at source
- + Top-loading of the material in open chambers
- + Total freedom to increase capacity by adding additional chambers

ORWAK MULTI 5070

As easy to maintain as to operate

The 5070 is a multi-chamber solution. It forms a mini recycling point for sorting of different types of material.

TAKES LITTLE SPACE

The compact design and small footprint provide efficient compaction in a small space.

EFFECTIVE COMPACTION

The long piston stroke produces highly compacted bales!

ORWAK MULTI 5070 IS OPTIMIZED FOR:

PAPER

+ Paper sacks
+ Cardboard
+ Shredded paper

PLASTIC FOIL

+ Shrink film
+ Plastic bags

OTHER METALS

+ Steel straps

OTHER PLASTICS

+ Plastic straps

EXTENDABLE SYSTEM

Add an additional chamber to extend your sorting and compaction station!

BALE TROLLEY

The 5070 is always delivered with a bale trolley for easy baling and internal transportation of the bale.

DIMENSIONS & SPECIFICATIONS

DIMENSIONS

A	B	C	D	E
